CAREER OBJECTIVE

Passionate and aspiring Data Analyst seeking an opportunity to apply analytical skills and transform data into meaningful business insights. Eager to contribute to a dynamic organization while continuously developing expertise in data analysis and data-driven decision-making.

EDUCATIONAL QUALIFICATION

B.E(CSE) Adhiyamaan College of Engineering, Hosur CGPA: 7.01	2022–2026
HSC Vallalar Matric Hr. Sec. School, K.K. Kuttai 82.5%	2022
SSLC Vallalar Matric Hr. Sec. School, K.K. Kuttai 97.2%	2020

PROJECTS

SUPERMARKET SALES ANALYSIS & BUSINESS INTELLIGENCE DASHBOARD:

Analyzed supermarket sales data using SQL, Python, Excel, and Power BI to identify sales trends, customer behaviour, and product performance. Created an interactive dashboard with KPIs and visualizations to support data-driven business decisions.

RETAIL SALES DATA ANALYSIS:

Performed exploratory analysis of retail sales data using SQL, Python, Excel, and Power BI to identify revenue trends, customer patterns, and top-performing products. Developed reports and visualizations to generate actionable business insights.

SMART BLOOD DONATION AND MATCHING SYSTEM:

Developed a web-based platform for real-time blood matching, blood availability tracking, and connecting patients with nearby blood banks. Implemented efficient matching and booking features to support faster access to required blood.

COLLEGE TRAINING AND PLACEMENT MANAGEMENT SYSTEM:

Developed a web-based system to manage student, company, and recruitment data while streamlining the placement process. Used data analytics to track placement performance, identify trends, and generate insights for improving recruitment outcomes.

TECHNICAL SKILLS

Programming & Web Technologies: Python, HTML, CSS, JavaScript.

Database: MySQL

Development Tools: Visual Studio Code, PyCharm

Data Visualization & BI: Power BI, Excel

INTERNSHIP

DATA ANALYST INTERN | SENNOVA INNOVATIONS PVT. LTD.

Jan 05 – Apr 05, 2026 - Analyzed learner engagement data using Python, Pandas, Power BI, and Machine Learning to identify performance and dropout patterns. Developed predictive models and interactive dashboards to deliver data-driven insights for improving student outcomes.
